

OUTBOUND SEQUENCE

Cannabis Dispensaries

Multichannel (Email · SMS · LinkedIn · Voicemail) · Sender: Cameron Karkut

Sequence at a glance

Step	Timing	Channel	What goes out
Day 0	Send immediately	LinkedIn	LinkedIn Connect
Day 1	Wait 1 day	Email	Email 1 — The Opener
Day 3	Wait 2 days	SMS	SMS 1 — The Nudge
Day 5	Wait 2 days	Email	Email 2 — How It Works
Day 7	Wait 2 days	Voicemail	Voicemail 1
Day 9	Wait 2 days	LinkedIn	LinkedIn DM 1
Day 11	Wait 2 days	Email	Email 3 — The Proof
Day 13	Wait 2 days	SMS	SMS 2 — Follow-up Bump
Day 15	Wait 2 days	Email	Email 4 — The Direct Ask
Day 17	Wait 2 days	LinkedIn	LinkedIn DM 2
Day 19	Wait 2 days	Voicemail	Voicemail 2
Day 21	Wait 2 days	SMS	SMS 3 — Final Bump
Day 23	Wait 2 days	Email	Email 5 — The Breakup
Day 23+	—	Exit	Exit to Newsletter Nurture (3 months)

The full sequence

Day 0 · LinkedIn Connect

Channel: LinkedIn | Timing: Send immediately

Connection request note:

Hi {{first_name}} - I work with dispensaries on bringing in brand-funded ad budgets and verified foot-traffic attribution. Would love to connect.

Day 1 · Email 1 - The Opener

Channel: Email | Timing: Wait 1 day

Subject: Curious how {{company}} is funding foot traffic right now

Hi {{first_name}},

Does {{company}} currently have any marketing budget dedicated to driving foot traffic, or is it mostly word-of-mouth and location?

I'm Cameron, co-founder of [Transparent eCom](#). **We help regulated brands get compliant ads live on Meta and Google - no blurring, no bans, no workarounds.**

Most dispensaries we talk to are in the same position - brands run ads, but the dispensary rarely sees any of that budget directly, even though the sale ultimately happens in-store.

We've built a network that flips that: brands fund geo-targeted Meta and Google ads around partner dispensary locations, and the dispensary gets the traffic, the revenue, and verified proof of what's converting - at no cost to set up.

If that's relevant to {{company}}, it's worth seeing if you'd qualify for one of the founding partner spots in your market. [Book a call here](#).

Best,

Cameron Karkut

Transparent eCom

Day 3 · SMS 1 - The Nudge

Channel: SMS | Timing: Wait 2 days

Text message:

Hey {{first_name}}, just emailed you about getting brand-funded ad budgets driving foot traffic to {{company}} - no cost to set up. Worth a quick look?

Day 5 · Email 2 — How It Works

Channel: Email | Timing: Wait 2 days

Subject: How it works — no cost to install

Hi {{first_name}},

Following up - wanted to explain the mechanics, since "attribution network" can sound more complicated than it is.

Our team integrates lightweight tracking into your existing POS - it doesn't disrupt your operations. From there, brands run geo-targeted ads around your location, and every resulting in-store purchase gets matched back to the specific ad that drove it - visible to you in a real-time dashboard.

No cost to install. A low monthly fee keeps the tracking running.

Short deck walks through it - read here (use this trigger link:

{{trigger_link.nPzl7Eh9kT87aPqz8glt}}). If a call is easier, [grab 30 min here](#).

Best,

Cameron Karkut

Transparent eCom

[Free Resource: Compliance Ad Account Setup Checklist - Download here](#)

Day 7 · Voicemail 1

Channel: Voicemail | Timing: Wait 2 days

Ringless voicemail script (~20–25 sec):

Hey {{first_name}}, this is Cameron from Transparent eCom. Quick question - does {{company}} have any real marketing budget right now, or is it mostly walk-ins and word-of-mouth? Because most dispensaries we talk to are in the same spot: brands run ads, the sale happens in your store, but none of that ad budget reaches you. We've built something that flips that - brands fund the ads, you get the traffic and the revenue. Costs nothing to set up. Call me back at number. Again, number. Talk soon.

Day 9 · LinkedIn DM 1

Channel: LinkedIn | Timing: Wait 2 days

LinkedIn message:

Hi {{first_name}} - reached out by email too. We help dispensaries pull in brand-funded ad budgets and prove foot traffic with real POS data.

Founding partner spots per market are limited - worth a quick chat to see if {{company}} qualifies?

Day 11 · Email 3 — The Proof

Channel: Email | Timing: Wait 2 days

Subject: 40% of dispensaries have \$0 marketing budget

Hi {{first_name}},

Something worth raising directly: roughly 40% of dispensaries operate with no digital marketing budget at all - not because the demand isn't there, but because no one's funding it on their behalf.

The flip side is that brands have budget, but almost never a reliable way to prove which dispensary is actually driving their sales.

Once {{company}} is part of the network, you become that proof - with verified, SKU-level data most dispensaries in your market can't show. That tends to translate into better placement conversations and co-op dollars with the brands you already carry.

We did exactly this for **Housing Works in NYC**.

See how it works here (use this trigger: {{trigger_link.nPzl7Eh9kT87aPqz8glt}}) - or [grab 30 min](#) and I'll map it to your market.

Best,
Cameron Karkut
Transparent eCom

Day 13 · SMS 2 — Follow-up Bump

Channel: SMS | Timing: Wait 2 days

Text message:

Hey {{first_name}} - founding partner spots in your market are limited. Still worth a quick look at getting brand-funded ad budgets to {{company}}? [Book here](#).

Day 15 · Email 4 — The Direct Ask

Channel: Email | Timing: Wait 2 days

Subject: Founding partner spots are limited

Hi {{first_name}},

To keep this simple:

- No long-term contract, no minimum spend.
- Free technology install - we handle setup, maintenance, and every brand relationship.
- A low monthly fee keeps the tracking active. That's it.

The one real constraint is capacity - we onboard a limited number of founding dispensary partners per market, and once it's full, the network closes there for 12 months.

If priority access to brand ad budgets in your market is worth 15 minutes, [grab time here](#).

Best,
Cameron Karkut
Transparent eCom

Day 17 · LinkedIn DM 2

Channel: LinkedIn | Timing: Wait 2 days

LinkedIn message:

Hi {{first_name}} - circling back.

We're onboarding a limited number of founding dispensary partners per market before it closes for 12 months. Worth a quick chat to see if {{company}} qualifies?

Day 19 · Voicemail 2

Channel: Voicemail | Timing: Wait 2 days

Ringless voicemail script (~20–25 sec):

Hey {{first_name}}, Cameron from Transparent eCom again. Just following up on the founding partner spot for {{company}} - brand-funded ad budgets, verified foot traffic, no cost to set up. Spots per market are limited. Call me back at number. Again, number. Thanks.

Day 21 · SMS 3 - Final Bump

Channel: SMS | Timing: Wait 2 days

Text message:

{{first_name}}, last check-in - want me to hold {{company}}'s founding partner spot a bit longer, or close it out for now?

Day 23 · Email 5 - The Breakup

Channel: Email | Timing: Wait 2 days

Subject: Want to keep your spot open?

Hi {{first_name}},

I've reached out a few times about the founding partner opportunity for {{company}}, and wanted to check whether this is worth pursuing now or better revisited later.

This tends to matter most for dispensaries that want new brand-funded revenue, better leverage in brand partnerships, and verified proof of what's actually driving sales in-store.

Here's a quick read on how we do it: deck link. (use this trigger: `{{trigger_link.nPzI7Eh9KT87aPqz8glt}}`)

If the timing isn't right, that's completely fine - let me know either way. I'd rather keep your spot open a little longer than have you miss it over a scheduling gap.

Best,
Cameron Karkut
Transparent eCom

Day 23+ · Exit to Newsletter Nurture (3 months)

Channel: Exit | *Timing: —*

No reply after all steps → lead exits to newsletter nurture for 3 months, untouched by sequence.
After 3 months, re-enter with refreshed messaging.
